LET IT SNOW!

The Westfield Public Works Department is prepared for another snow season. The salt barn is full and the snow plowing equipment is ready for deployment.

The City of Westfield maintains over 176 lane miles of roads. During a typical snow event, the snow plows will make numerous passes on each road in order to effectively

clear the roads. The City utilizes seven salt trucks and 21 pick-up trucks to clear snow. Currently, Public Works has 2500 tons of salt ready for distribution.

The City's mission is to clear all primary, secondary and collector roads first to ensure access for public safety vehicles. Snow removal on residential streets will take approximately 12 hours, depending on the size of the snow event and conditions associated with the event.

The Public Works Department encourages residents to help aid in the removal of snow by assisting with the following recommendations:

- Drive safely and reduce your vehicle speed to accommodate the weather and road conditions.
- When poor weather conditions occur, stay home unless absolutely necessary.
- Do not park vehicles on roads; this will help speed up the removal of snow from the streets.
- Do not push or blow snow into streets, especially after the roads have been plowed.

During winter weather events, residents can contact the Public Works Customer Service Department (804-3150) during business hours or check the City's Website

Salute Hoosiers serving in the United States Armed Forces with Ameriana Bank and the USO of Indiana. "Help Our Heroes" by donating personal care items to be sent with Hoosiers as they deploy.

Items can be dropped off at Ameriana's Westfield location at State Road 32 and Carey Road. For every new "Like" the Ameriana Bank Facebook page receives, they will donate \$2 to the USO of Indiana to benefit programs and services that lift the spirits of our troops and their families.

For the "Troop Wish List" and more information about "Help Our Heroes", visit ameriana.com, visit www.facebook.com/amerianabank or speak with an Ameriana associate at 867-7740.

GRAND PARK WINTER UPDATE

A big thank you to all those who came out for the Grand Park Construction Open House in November, even though the weather was not the best. Visitors were treated to bus tours of the campus and viewed various exhibits stationed inside of the events tent.

Currently, the sports campus is in Phase II of the project. This phase includes the installation of all electrical conduit, field irrigation and gravelling of all multi-purpose trails and parking lots.

Through the winter, crews will be prepping the campus for a host of activity come Spring. Installation of all above ground features of the park will begin in early Spring of 2013. For more information on the Grand Park Sport Campus, visit www.grandpark.org.

YOUTH ASSISTANCE EXPANDING

The Westfield Youth Assistance is now called Hamilton County Youth Assistance as they expand into neighboring Noblesville!

The Noblesville branch will begin operation in January 2013, and will be a collaboration between the City of Noblesville, Hamilton County Juvenile Court Judges and the Noblesville School District. For more information on the Youth Assistance Program, please visit www.youthassistance.org

NOTICE OF WATER/SEWER RATE CHANGE

Effective January 1, 2013, all City of Westfield residential water and sewer customers will notice a small increase in their bills.

As part of an approved ordinance by the City Council, a typical single-family residential water customer using 10,000 gallons will see an approximate \$10 increase in their monthly bill in 2013.

To view the ordinance or for more information, please visit the Public Works page of our website at www.westfield.in.gov.
