Memorandum

To: Westfield Board of Public Works & Safety

Date: March 27, 2014

Re: Public Works Vehicle Lease & Obsolescence Plan

With the sale of the sewer and water utility, many of our existing vehicles have been transferred to Westfield Water, the new utility. Additionally, the sale of the utility has provided our staff with the opportunity to create a new revenue stream with our ongoing sewer and water agreement for inspection services for private infrastructure (subdivisions). This service contract will require additional equipment and personnel needs. The funding of these requests are intended to be paid by revenues generated by the new CEG inspection services. While those revenues will not begin to materialize for 45 – 60 days, the Department of Public Works wishes to engage in a loan to be paid for over a 3 year term for the following immediate needs.

1. New Street Sweeper - Tymco 435 (quote and product information attached)
Purchase Price - \$146,753 (Loan Payment \$49,810.36/yr)
2. Six (6) 2014 Ford F-350 XL (quotes and product information attached)
Purchase Price - \$209,144 (Loan Payment \$70,986.88/yr)

With the assistance of John Rogers, we have secured financing at 1.3% for a three year loan for our need Public Works equipment needs paid bi-annually at a cost of approximately \$121,000 annually.

Our obsolescence plan is to change out employee pick-up trucks and the street sweeper every five years so that they retain some residual value. We anticipate a similar plan for our dump trucks albeit they retain their value longer and are not driven as hard as our fleet vehicles. We currently have several fleet vehicles that are 8+ years old and in dire need of replacement. Over the course of the first two months of this year, we have already spent roughly \$20,000 on vehicle repairs this year. The cost of maintaining these older, high mileage vehicles is greater than their depreciated value and in some cases exceeds the anticipated loan expense for the newer vehicles.

Model 435[®]

Conventional Truck Package

FROM THE PEOPLE WHO INVENTED REGENERATIVE AIR SWEEPING!

The Conventional Truck Package for the TYMCO[®] Model 435[®] based on the International[®] DuraStar[®] brings all of the advantages of a conventional truck, while maintaining features existing TYMCO owners with cabover trucks expect.

- **Operator Friendly Ergonomics.**
- **Excellent Gutter Broom Visibility.**
- **Travels Up to Highway Speeds.**
- **Easy Cab Accessibility and Engine Serviceability.**
- **Excellent Turning Radius And Maneuverability.**
- **Cleans Streets and Roads of Bulk and Fines.**
- **Dumps into Most 30 Yard Containers.**

TYMCO Regenerative Air Cleans Deeper[™]

MADE IN WACO, TEXAS

USA

The Model 435 delivers street sweeping performance in a mid-sized package. With the Conventional Truck Package, the Model 435 has a payload of over 8000 lbs. and overall sweeping path of 132 inches.

This package offers adjustable high back air suspension seats, 2-stage cabin air filters, heated power mirrors, as well as dual tilt steering wheels, instrument panels and controls among other great features.

With the Conventional Truck Package, the Model 435 has a 81 inch dump height. (Most 30 yard containers are approximately 69 inches)
