

Statement of Intent for Positively Canine LLC

We intend to offer training classes for canines. These will generally be 1 hour in length, and have up to 10 dogs in each session. We hope to have 2-3 sessions a day. We also intend to offer 1 on 1 Behavior Modification during times when no classes are scheduled. We also expect to have drop in single sessions for tricks training.

On occasion we would like to open the training portion of the facility to assorted dog rescues for adoption events.
