## OVERVIEW

The Westfield-Washington Township Unified Development Ordinance (the "UDO") was adopted by the Council on September 8, 2014. At that time, the Department and Council's Committee on Ordinance Revisions anticipated amendments would be proposed shortly thereafter in response to items that were still outstanding and that needed additional clarification. In addition, revisions to the adopted floodplain management regulations have been requested by the State in order to ensure compliance with federal regulations for the City's participation in the National Floodplain Insurance Program.

After consideration and recommendation by the Council's Committee on Ordinance Revisions, the proposed amendments are reflected in the attached ordinance (see Exhibit 2). A summary of the proposed changes are included in Exhibit 3.
