Statement of Intent:

The proposed usage of the existing barn with future improvements as noted on site plan are as follows:

1. To house the equipment and supplies needed to operate a landscape operation.
2. Operation hours typically are 7:30 to 5:00. Minor variations according to season.
3. Most items will be stored in or under structure. As additions are completed.
4. Some items stored in 'open' (but within fenced area per site plan) Items may include stone, mulch, soil materials. Materials consistent with items typically found in an agricultural operation
5. Main parking to be within fenced area. Some short term parking may occur on East side of existing barn. Or on existing drive on North side of barn
6. Every effort will be made to maintain the rural flavor of the site.
