RE: Chatham Hills – Waiver Request

In response to an email from Andy Taylor, Project Manager for American Structurepoint, on Monday, October 5, 2015 regarding the right-of-way dedication along 206th Street along the frontage of the parcel known as the Robinson parcel:

- 1.) Right-of-Way Dedication Waiver – Public Works supports Henke Development's request to lessen the dedication from 50' half right-of-way to 30' half right-of-way along this particular parcel.

If you have any additional questions or need any clarification please do not hesitate to ask.

Sincerely,

A handwritten signature in black ink, appearing to read "Phil Sundling".
