Westfield, IN 46074

May 21, 2007

Dear Town Councilors,

The Washington Township Parks and Recreation Department is in the process of developing the nature preserve that will be known as MacGregor Park. This park will be located at 21107 US 31 North in Westfield. Due to Westfield-Washington Twp. Zoning Ordinances that do not address institutional developments such as ours we will need to request five (5) Variances of Standards. The fees for the BZA process will amount to \$650. We will also need to appear before the Advisory Plan Commission for our site plan review. The cost for this appearance will be \$1080.

As a local government agency that relies on taxes to fund such projects we would like to respectfully ask for a waiver of these fees. I will be happy to attend your upcoming Town Council meeting on June 11, 2007 to address the Council formally.

Respectfully,

A handwritten signature in cursive script that reads "Melody Sweat".
