

Action Item # 5 – Public Works Termite and Pest Control

The Public Works Department is seeking approval to expand Askren Termite and Pest Control Service to add the new City Service Building expansion to the existing Public Works Building termite and pest control contract.

Only one quote was solicited for this service.

Askren Termite and Pest Control Service has been treating the Public Works facilities for approximately 5 years. Askren Termite and Pest Control Service has performed exceptionally well over this time period.

Askren Termite and Pest Control Service, currently treats the Public Works Campus Buildings for \$70 per month, for an annual cost of \$840. Askren Termite and Pest Control Service has quoted treating the new 17,400 City Services Building Expansion for \$15 per month, for an annual cost of \$180. This would be a combine cost of \$85 per month, for an annual cost of \$1020.

It is the recommendation of the Public Works Department for the Board to propose a motion to approve the contract amount of \$85 per month to Askren Termite and Pest Control Service.
