Fair Market Value	\$4,189.92	\$2,114.96	\$1,504.97	\$1,229.98	\$1,054.98

Program: 07000108

\$1.00 Buy Out - At the end of the lease term, lessee may purchase the equipment for \$1.00.

10% Security Deposit - This program offers a fixed purchase option at the end of the lease term. Upon final payment, the customer can 1) continue to lease the equipment, 2) return the equipment, or 3) buy the equipment at 10% of the original cost.

Fair Market Value - This program gives you the most flexibility with upgrades to combat obsolescence. At the end of the lease term the lessee can continue to lease the equipment, return the equipment or buy it at its fair market value.

Financing is for equipment that is to be used solely for business purposes, and is calculated using two (2) payments in advance (10% for the 10% Security Deposit purchase option) held as a Security Deposit. Quoted payments do not include Taxes or Insurance. Quotes are subject to credit approval by Marlin Leasing Corporation and may change without notice. Rates are for companies in business 2+ years. Programs are available for newer businesses.

* This quote is valid for 30 days from today which will be Saturday - November 22, 2008.
