Westfield, IN 46074

From: \_\_\_\_\_  
(Applicant)

Re: \_\_\_\_\_  
(Address)

As indicated by my notarized signature below, the buyer of the above-referenced structure has been informed that there is to be no sleeping room in the basement without proper egress per the "Indiana Residential Code, 2005 Edition" (675 IAC 14-4.3-27) Eff. September 11, 2005.

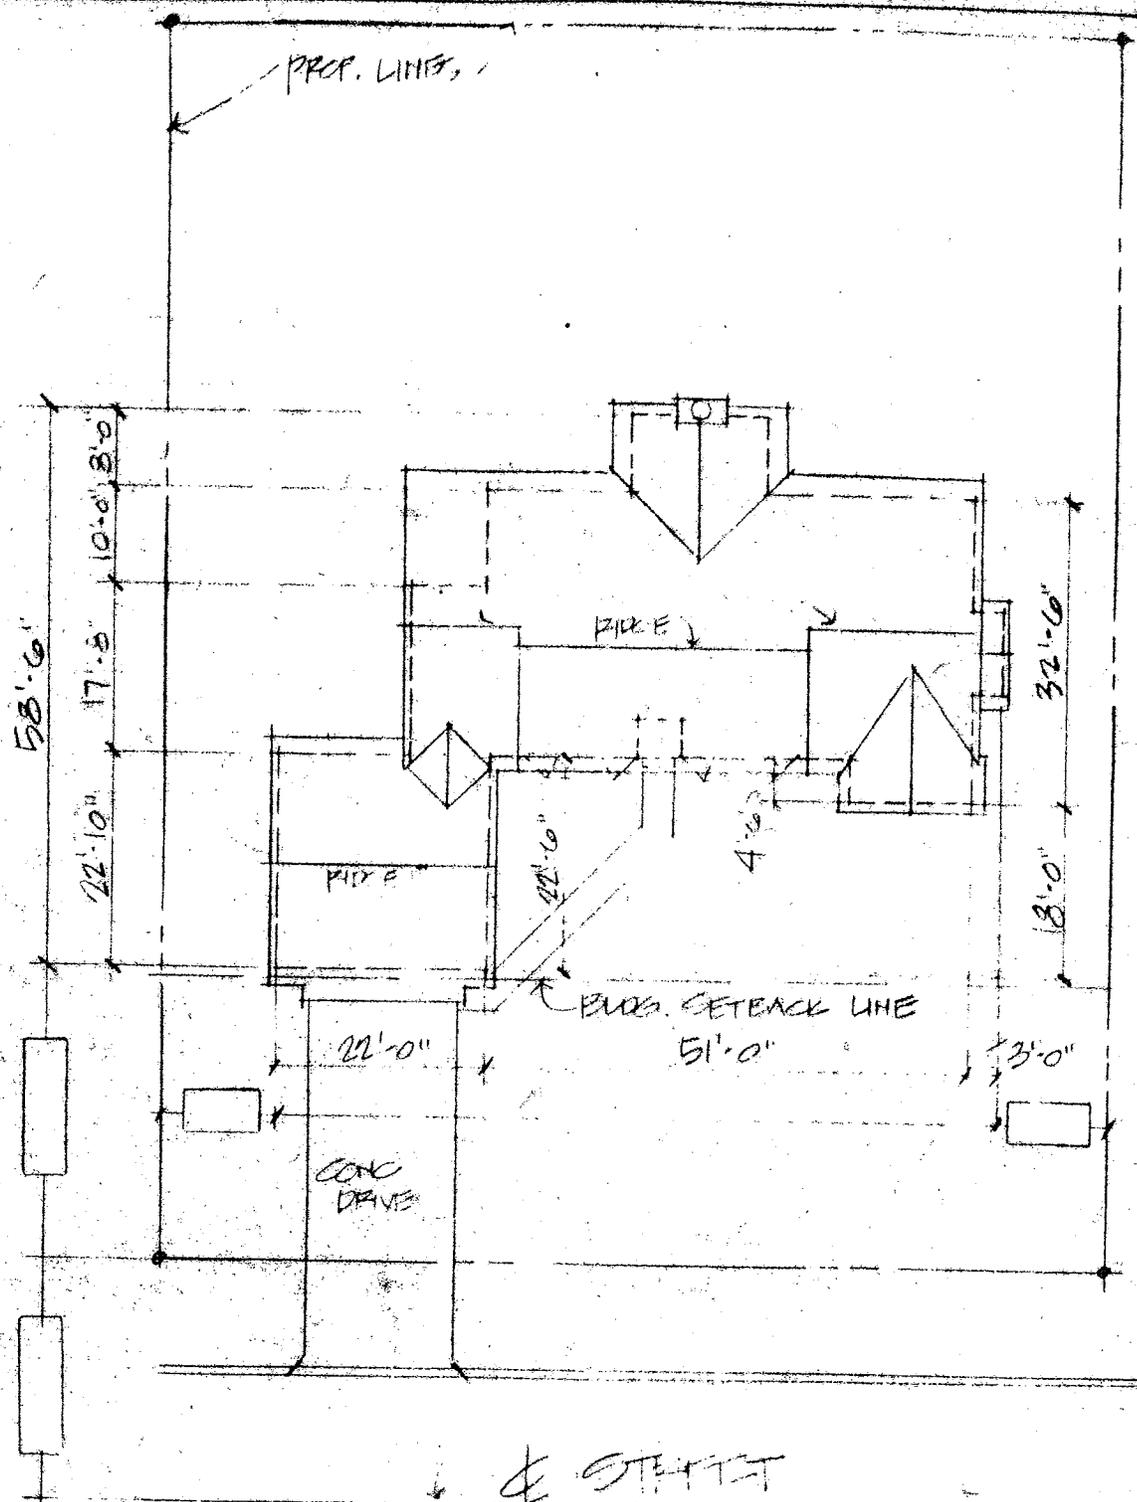

**"SECTION R310: EMERGENCY ESCAPE OPENINGS"**

**"R310.1 Emergency escape and rescue required.** Every sleeping room shall have at least one openable emergency escape and rescue opening. Where emergency escape and rescue openings are provided they shall have a sill height of not more than 44 inches (1,118 mm) above the floor. Where a door opening having a threshold below the adjacent ground elevation serves as an emergency escape and rescue opening and is provided with a bulkhead enclosure, the bulkhead enclosure shall comply with Section 310.3. The net clear opening dimensions required by this section shall be obtained by the normal operation of the emergency escape and rescue opening from the inside. Emergency escape and rescue openings with a finished sill height below the adjacent ground elevation shall be provided with a window well in accordance with Section R310.2."

## Comprehensive Fees Chart

*All fees are assessed by the Westfield Public Works Department (WPWD).*

### **WATER**

Connection Fee (Per EDU)	\$500.00
Availability Fees (Per EDU)	\$1,800.00
Permit Fee	\$300.00

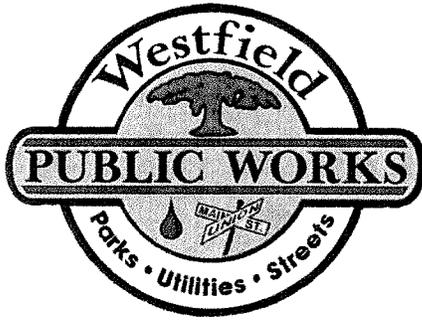

### **WASTEWATER**

Connection Fee (Per EDU)	\$1,200.00
Availability Fees (Per EDU)	\$3,500.00
Permit Fee	\$300.00

### **ROAD IMPACT**

as of June 2007

Single Family Resident	\$1800/residence
Commercial and Industrial	\$188/trip

## FEES

1. The calculations and collection of water availability and connection fees for residential and commercial projects are different in many ways. Residential developments and commercial developments availability fees are one thousand eight hundred dollars (\$1800) per equivalent dwelling unit (EDU) with a connection fee of five hundred (\$500) per EDU, per Ordinance 07-14. The assigned number of EDU's for the various land uses shall be determined by the use of Table 11-1 of 327 IAC 3-6-11 as applicable. Availability fees shall be paid in full prior to start of construction for developments and availability fees for individual properties not part of a larger development shall be paid at the time of the Water and Sewer Application prior to installation. Connection fees are required to be paid in full during the filing of the Water and Sewer Application. Building permit applications will not be issued until all fees are paid in full. Water permits are required under 327 IAC 8-3-7 (10) water infrastructure. The fee associated with the permit is to be paid by the developer (\$300.00 check made payable to the City of Westfield Public Works) and submitted with the application and plans to the Westfield Public Works Department.
2. The calculations and collection of sanitary sewer availability and connection fees for residential and commercial projects are different in many ways. Residential developments and commercial developments availability fees are three thousand five hundred dollars (\$3500) per equivalent dwelling unit (EDU) with a connection fee of one thousand two hundred (\$1200) per EDU, per Ordinance 06-43. The assigned number of EDU's for the various land uses shall be determined by the use of Table 11-1 of 327 IAC 3-6-11 as applicable. Availability fees shall be paid in full prior to start of construction for developments and availability fees for individual properties not part of a larger development shall be paid at the time of the Water and Sewer Application prior to installation. Connection fees are required to be paid in full during the filing of the Water and Sewer Application. Building permit applications will not be issued until all fees are paid in full. The fee associated with Sewer Application submittal is to be paid by the developer (\$300.00 check made payable to the City of Westfield Public Works) and submitted with the application and plans to the Westfield Public Works Department.

3. Road impact fees are also calculated and collected for residential and commercial projects during different times from preconstruction thru post-construction. Fees for residential developments are one thousand eight hundred dollars (\$1800) per residence and are paid prior to receiving a building permit for each lot within the development. Road Impact fees for commercial projects are calculated based off the proposed uses for the development and are required to be paid in full prior to start of construction.
  
4. Inspection fee Ordinance 05-25 covers inspection fees. Ordinance 07-04 covers Plan review, Rezone and PUD fees and are calculated based off the number of sheets submitted for the final approved construction plans and developers shall be responsible to pay all plan review fees as invoiced by the Westfield Public Works Department **before any review** of the project shall commence. Below is a list of the required plan review fees:

<u>Number of Sheets</u>	<u>Rezone</u>	<u>PUD</u>	<u>Review Fee</u>	<u>Re-Review Fee</u>
1 to 20	\$250.00	\$1,325.00	\$1,325.00	\$150.00
21 to 40	\$300.00	\$1,590.00	\$1,590.00	
41 to 60	\$350.00	\$1,855.00	\$1,855.00	
61 to 80	\$400.00	\$2,120.00	\$2,120.00	
Each additional 20 sheets	\$450.00	\$265.00	\$265.00	

An additional fee of \$300.00 shall be imposed for the erosion and sedimentation control plan submitted with Primary, Secondary and Construction plan review.

Fire service plans submitted for review shall be assessed a \$265.00 review fee and \$250 application fee..

Inspection fees for projects will be estimated for the developer based off the construction plans submitted. Actual inspection fees will be based from actual inspection time in the field for the development of the project. Table A1 of Ordinance 05-25 lists inspection types and fees.

5. Encroachment Specification Ordinance permits and fee requirements, in regards to development and construction, will be waived within the boundaries of the proposed development during construction. Permits pertaining to requirements associated with the developments outside the boundaries of the proposed development will require permit application. Refer to the Encroachment Specification Ordinance for applicable fees.

**TERMS AND CONDITIONS FOR ENCROACHMENT PERMIT**

1. It is understood that any permit by virtue of this request is revocable at the pleasure of the City of Westfield and that the same shall be voided if the following terms and conditions are not fulfilled by the Permittee. The Permittee hereby agrees to observe all requirements of the Encroachment Standard Ordinance and comply with the conditions set forth by the MUTCD Rulings and Revisions.
2. The undersigned shall notify the Director or his representative a minimum of 72 hours prior to the time that work is to be performed. The undersigned will furnish placards identifying equipment, flashers, barricades, and/or other warning devices at the construction site. When two-way traffic is confined to one lane, flagging personnel shall be required. Permittee must follow Chapter XVII of Title 29, Code of Federal Regulation, Part 1926 known as Safety & Health Regulation for Construction
3. In cases where the work authorized by the permit will cause major interference with traffic flow on streets, Permittee shall provide a uniformed traffic officer when requested by the Director or his representative to provide traffic control at the construction site. Work shall not be performed on any major arterials, streets, and thoroughfares during rush hours or peak hours of vehicular traffic flow, unless in case of emergencies.
4. The Permittee shall not create a hazardous or unsafe situation at construction sites, which would cause injury or damage to vehicular and pedestrian traffic. The Permittee shall not leave unattended open cuts unprotected overnight or during weekend periods. Permission to use temporary steel plates or any authorized substitutes shall be requested at open cuts or construction sites. The Director or his representative shall be notified of these steel plates or substitutes by the Permittee.
5. All construction equipment and/or vehicles left unattended for any length of time shall be parked in locations as to not create hazardous and unsafe situations to vehicular and pedestrian flow. The construction equipment and/or vehicles shall be parked in such a manner as to not restrict sight distance to vehicular traffic.
6. The Permittee shall hold harmless and indemnify the City of Westfield from, for and against any claim of any person in tort, contract, or otherwise arising out of the act or omissions of the Permittee, their agents, representatives, servants, contractors, and the latter's subcontractors, whenever such acts or omissions or any rights or performance or exercise thereof, of the Permittee arise under this permit from alteration, modernization, replacement, operation, maintenance, change or removal of any part or portion of the public right-of-way, or facility thereof.
7. The Permittee shall stipulate the type of materials and method of repair utilized to close any open cuts, subject to the Director or his representative's approval.
8. The Permittee shall begin work within 45 working days from the date of application approval, and work must be completed within 60 working days of the application approval. Any construction and/or work not completed by this date shall be grounds to nullify and void this permit. Re-application would then be necessary
9. The Permittee shall be required upon completion of construction and/or work to notify the Director or his representative for inspection and verification. The construction and/or work shall be inspected prior to being accepted by the City of Westfield as being complete. The Director or his representative shall perform the inspection.
10. Upon the completion of all open street cuts, permanent patches shall be in place no later than 20 working days from the temporary patch inspection date. Any construction work or repair measures utilized to close any open cuts made under this permit that are found to be unsatisfactory shall be corrected within 10 working days by the Permittee. The Permittee shall be responsible to maintain and repair any and all open cuts granted by this permit for a period of one year upon final acceptance, unless the City of Westfield and/or other utilities, contractors, or subcontractors or other parties remove, damage, modernize, replace, change any part or portion of the public right-of-way or facility or thereof granted under this permit.
11. Upon Completion/Acceptance by Director or his Representative. As builds must be provided (print and CD form) within 30 days of completion.
