Pulte Homes of Indiana LLC ("Pulte") respectfully submits to the Plan Commission its proposed amendment for select lots within Valley View at Viking Meadows. Valley View is the large-lot single family area east of the Monon Trail (see attached aerial exhibit for effected lots).

Proposed Amendment:

The PUD Ordinance sets forth architectural and design standards for homes in Valley View, including a requirement that homes have a minimum roof pitch of 8/12 (front to back roof pitch) and 10/12 (front gable roof pitch). Two [confirm] custom home builders have clients that wish to build homes with a historical architectural style that lends itself to a modified roof pitch (see attached example home elevations). As a result, this amendment is being requested by Pulte on behalf of prospective homeowners to allow for modified roof pitches for homes with an historical architectural style that lends itself to a lower roof pitch. Currently, the PUD Ordinance allows for modifications to other architectural standards (e.g., masonry, roof ridgelines) for homes with a historical architectural style. The PUD Ordinance also currently provides that the City's Community Development Department determines whether or not a specific home plan qualifies as a historical architectural style.

Attached please find the referenced exhibits. In addition, attached please find the proposed amendment, which includes the redline/blue line changes requested to the architectural standards. Thank you for your consideration.
