RE: Casey Acres

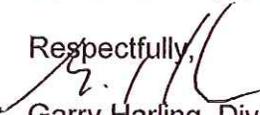

Dear Mr. Shields,

The Westfield Fire Department has carefully reviewed and expressed some concerns regarding the project at Casey Acres. The review of Casey Acres showed some concerns with the access of the apparatus through the complex. Additionally, the entrance off of Casey Road showed parking within the entrance that raised safety concerns with people entering and exiting their vehicles. Both of these concerns have been corrected.

All concerns for Casey Acres have been met. The Westfield Fire Department supports this project.

If you have any questions, please feel free to contact me at 317-804-3307.

Respectfully,

Garry Harling, Division Chief / Fire Marshal
Westfield Fire Department

Subject: Casey Acres Development

Sarah:

Public Works has reviewed the Casey Acres development plan. The entrance off of Casey Road is adequate for the development until the main entrance is built when Eagle parkway is constructed. Public Works approves the road access to Casey Road.

If you have any questions please feel free to contact me.

Thanks,

Harry
