PROCEDURAL

Approval of a Development Plan must be granted if the submitted plan demonstrates compliance with the terms of the underlying zoning district, subdivision control ordinance and/or applicable PUD District Ordinance, any variances associated with the site, and any commitments associated with the site.

PROJECT DESCRIPTION

The applicable zoning district is SF2: Single-Family Low Density District. The project is for the expansion of the existing elementary school.

The petition was reviewed by the Technical Advisory Committee at its March 14, 2016, meeting. The petition has been properly noticed for a public hearing at the Advisory Plan Commission's April 4, 2016, meeting.

DEVELOPMENT PLAN (Article 10.7(G) of the UDO):

The plans comply except for those items identified as outstanding below:

- 1) Area map insert showing the general location of the site referenced to Streets, section lines and alternative transportation plan system, as well as the Zoning District and use of adjacent property.

2) Address and legal description of the property.

Comment: Plans will comply once legal description is included on the development plan.

3) Boundary lines of the property including all dimensions.

4) Location, name, centerline and width of all Streets, Private Streets, Alleys, access easements and alternative transportation plan system improvements that are existing or proposed to be located within or adjacent to the property.

5) Location, centerline and width (at the Lot Line) measurements of any proposed or existing Driveways within two hundred (200) feet of the property, and any connection to an Alley must be indicated.

6) Location and dimensions of primary vehicular ways in and around the proposed development, including depictions of all travel lanes, turning movements, vehicle storage areas and tapers.

7) All proposed Street and Driveway improvements, both on and offsite, including measurement of curb radius and/or taper.

8) Location and dimensions of existing and proposed sidewalks, pathways, trails or other alternate transportation plan improvements.

9) Layout, number, dimension and area (in square feet and acres) of all Lots and Outlots with Building Setback Lines.

10) Location and dimensions of all existing structures and paved areas.

11) Location and dimensions of all proposed structures and paved areas (indicated by cross-hatching).

12) Location of all Floodplain areas within the boundaries of the property.

13) Names of legal ditches and streams on or adjacent to the site.

14) Location and feasibility statement of all existing and proposed utility facilities and easements, including, but not limited to: sanitary sewer, water, storm water management, electric, gas, telephone and cable.

Comment: Petitioner is coordinating with the Public Works Department and utility providers.

15) Identify buildings proposed for demolition.

16) Areas of the property reserved for Development Amenities, Open Space and other similar uses.

- 17) Use of each Lot and/or building by labeling, including approximate density or size of proposed uses and buildings (e.g., number of parking spaces, Dwelling Units, Gross Floor Area, Living Area).

DEVELOPMENT PLAN REVIEW (Article 10.7(E) of the UDO):

The plans comply except for those items identified as outstanding below:

Development Plans shall comply with and be reviewed by the Plan Commission upon finding that the Development Plan is in compliance with the following requirements:

- 18) Compliance with all applicable development and design standards of the Zoning District in which the real estate is located.
- 19) Compliance with all applicable provisions of any Overlay District in which the real estate is located.
- 20) Management of traffic will be in a manner that creates conditions favorable to health, safety, convenience, and the harmonious development of the community such that:
 - a) The design and location of proposed street and highway access points shall minimize safety hazards and congestion.
 - b) The capacity of adjacent streets and highways is sufficient to safely and efficiently accept traffic that will be generated by the new development.
 - c) The entrances, streets and internal traffic circulation facilities in the proposed development are compatible with existing and planned streets and adjacent development.

Comment: Petitioner is coordinating with the Public Works Department.

- 21) The applicable utilities have sufficient capacity to provide potable water, sanitary sewer facilities, electricity, telephone, natural gas, and cable service at a satisfactory level of service to meet the needs of the proposed development.

Comment: Petitioner is coordinating with the Public Works Department and utility providers.
