Citywide Trash Service to begin January 1, 2009
City Answers Frequency Asked Questions

Westfield, IN, November 13, 2008 – The Westfield City Council approved the proposed citywide trash and recycling service to begin January 1, 2009. The contract was awarded to Ray’s Trash Service. The monthly fee will be \$11.00 per month and that fee will be added to all residential water/sewer bills.

Residents will receive their new trash carts by the end of December. If you are currently using Ray’s Trash Service, they will be retrieving those carts to be recycled. If you are using another trash contractor, the City is working with those providers to create a schedule to retrieve old trash carts. Residents may also contact their trash vendor and make arrangements for a cart pick-up.

Ray’s will be providing one 96 gallon trash cart and one 65 gallon recycling cart to each residence. After the initial delivery, residents can request a third cart for trash or recycling at no additional charge.

Residents will also need to contact their current vendor to cancel existing trash service as of January 1, 2009. For more information, please refer to your November water/sewer bill insert. The insert is also available on our webpage www.westfield.in.gov.

The City is not mandating recycling, but is offering the recycling service in hope that residents will realize and utilize the benefits of recycling.

The City is currently working with Ray’s to determine route schedules and other pertinent information. Residents can expect to receive an informational brochure during the first week of December and route confirmation during the last week of December.

For additional questions, please contact Westfield Customer Service at 317-804-3150.
