TOWN OF WESTFIELD – DOWNTOWN MASTER PLAN

Dear Mr. Cook:

We thank you for the opportunity to present our findings and potential solutions for the Town of Westfield Downtown Master Plan. It has been a great pleasure working with you, the Town Council, the Planning Department Staff, the Town of Westfield Department(s) Staff, Downtown Neighborhood Association and the Citizens of Westfield to gather consensus on the future of Downtown.

The Cripe Architects + Engineers, Odle McGuire & Shook and Browning Investments Team has compiled the following information during the past several months to further extend the Town's vision of the future for Downtown. As we all feel this is a vital part of the process in developing a vision, we all also agree there are still a few huddles to overcome. With the acceptance of one or a combination of the following solutions, we can evaluate the next step in this exciting process.

Please feel free to contact us at any time to further discuss the enclosed findings. We look forward to extending our working relationship with the Town of Westfield.

Sincerely,

CRIFE ARCHITECTS + ENGINEERS

*Master Plan for the Downtown Core
Town of Westfield, Indiana*

Executive Summary

This report has taken input from diverse sources to compile recommendations for policies regarding development within the downtown core of historic Westfield, Indiana.

”

A series of public information meetings, direct conversations, and hand written surveys has provided notable input during the information gathering phase regarding the direction of these recommendations. This information is included in the appendix.

These recommendations are presented in three components as requested by the Westfield Town Council. Land use, Architectural Objectives, and Economic Impact are evaluated.

Land uses are defined as to identify desired mixes of use and to maximize existing geographic features. A mix of uses best achieves the “live-work-play” environment, identified as a priority in the information gathering phase. We have provided three overall approaches, supplemented by more detailed possibilities for municipal government and block development.

Architectural Objectives are established to guide policy regarding the built structures and the spaces between them.

Economic impact is evaluated to determine fiscal implications of redevelopment, to inform discussions regarding incentives and payback timeline.

Increased assessed value (AV) in improvements within the study area, leveraged with proposed redeveloped land uses, could yield increased tax revenue. Development incentives and amenities to encourage and support the desired levels of development should be considered.

This initiative is not directed toward generating prescriptive, codified ordinances, but toward overarching policy direction regarding development. It is intended to be flexible in both interpretation and implementation. Close coordination with Town planning staff has guided the direction of this effort and will enhance future implementation phases.

As a policy recommendation, significant additional effort is required for further development into a useful codified ordinance. This next step will provide the planning staff with the unified vision and implementation tools required to realize the potential of historic Westfield as it evolves over the next decade.

Browning

*Master Plan for the Downtown Core
Town of Westfield, Indiana*

ARCHITECTURAL OBJECTIVES FOR USE CLASSIFICATIONS

Single Family Homes: New single family development within the downtown environment would be developed in a manner similar to traditional neighborhoods prior to our current commuter culture. This might incorporate the following characteristics:

- Traditional block structure with a grid street pattern, on-street parking and street trees.
- Sidewalks and front yard access to porches with alley or side drive loaded detached garages.
- Non-uniform masses and rooflines with variations in material and colors.
- Regular lot sizes with uniform setbacks, but with a variety of home sizes and stories.

Multi-Family Housing: New multi-family development within the downtown environment would develop in a manner similar to urban residential areas. This might incorporate the following characteristics:

- Multiple story town-homes, flats, or condos with private, grade level entrances. Possible “walk up” or “brownstone”.
- Higher density development with convenient proximity to notable common green space.
- Less “private” yard space in favor of more generous adjacent public yard space.
- Upscale street facades with attractive, durable material choices.
- Stoops and/or small pocket gardens to soften the public/private boundary.
- Predominant pedestrian sidewalks, tree lined streets, and on-street parking.
- Conceded vehicle parking accessed from alley or rear. Possibly on-street only.

ARCHITECTURAL OBJECTIVES FOR USE CLASSIFICATIONS

Urban Multi-Use: Urban Multi-Use development within the downtown environment would develop in a manner compatible with residential and commercial areas. This might incorporate the following characteristics:

- Buildings fronting in close proximity to streets and sidewalks with massing to frame the streetscape, defining the public space between storefronts.
- "Downtown" character storefronts and building facades with significant distinguishing elements.
- Mixed-use occupancies with retail at street level and commercial or residential on upper levels.
- On-street parking and ample pedestrian sidewalks with opportunity for patio or plaza type outdoor dining.
- Variety of material, color and articulation to create interesting and pleasing collections of street front expressions.
- Appropriate signage restrictions to prevent commercialized feel, yet foster unique marketing expressions for unique businesses.
- Incentives for modest window treatments and awnings or canopies.

Sub-Urban Multi-Use: Sub-Urban Multi-Use development within the downtown environment would develop in a manner compatible with Urban Multi-use, residential and commercial areas. These sites would be a hybrid of traditional commercial vocabulary and contemporary "out-lot" development. This might incorporate the following characteristics:

- Probably single use structures on individual lots.
- Variety of uses and occupancies in close proximity to each other.
- Potential shared parking and access agreements between lots.
- Street-front oriented structures with concealed or partially concealed parking lots.
- Variety of materials, masses, and colors, but probable single story, speciality uses.
- Possible "strip center" collection of businesses with complimentary structures. Some "anchor" tenant spaces with larger volumes.

ARCHITECTURAL OBJECTIVES FOR USE CLASSIFICATIONS

Transportation Oriented: Transportation oriented development within the downtown environment would develop in a manner compatible with Multi-use, Residential and Commercial areas. These structures would be sited and articulated for the commuter culture. This might incorporate the following characteristics:

- Easy vehicle access.
- Possible drive-through provisions within tight controls.
- Parking within easy access to entrances.
- Materials, massing, and vocabulary compatible with the community vision for identity.
- Signage guidelines more compatible with vehicular impulse traffic.
- Uses to support customers in transit and convenience markets.

Residential Conversions: Residential Conversions within the downtown environment would develop in a manner to preserve or enhance existing structures and streetscapes. These would be small, "cottage" type businesses contained within the area of a residential structure. This might incorporate the following characteristics:

- Attorneys, professional consultants, small scale medical, specialty shops, boutiques or the like.
- An existing structure primarily intact with appropriate enhancements for public access and commercial/retail use.
- Signage and visibility to compliment the neighborhood feel while affording creative marketing opportunity.
- Limited additions or alterations. When approved, done so as to compliment the existing structure and not to detract from adjacent properties.
- Limited on-site parking. Primarily on-street parking in striped spaces.
- Significant landscape requirements for an impression of well maintained grounds and active ownership.

ARCHITECTURAL OBJECTIVES FOR USE CLASSIFICATIONS

Church/Bible College: These properties within the downtown environment have been given appropriate respect as sacred spaces. Redevelopment as any other use is not suggested. Continued development of these existing properties and uses would be expected to compliment the overall community character and make positive contributions to identity and quality of life.

Office (Municipal, Private): Offices for municipal government or private business development within the downtown environment would be opportunities for central magnets of activity and concentrations of people. This might incorporate the following characteristics:

- Municipal government office space, private business ventures, civic theater, not-for-profit or social services, public library or the like.
- Visibility and prominence in identity would be important factors for location and design.
- Appropriate parking, but an emphasis on street appeal, pedestrian circulation and public spaces.
- Multi-story, substantial structures with significant density and activity.
- Deliberate expressions of character and community identity.

ARCHITECTURAL OBJECTIVES FOR USE CLASSIFICATIONS

Parks/Greenspace and Water Features: Outdoor spaces within the downtown environment would offer significant and varied opportunity for outdoor activity and contribute to the overall character of community. This might incorporate the following characteristics:

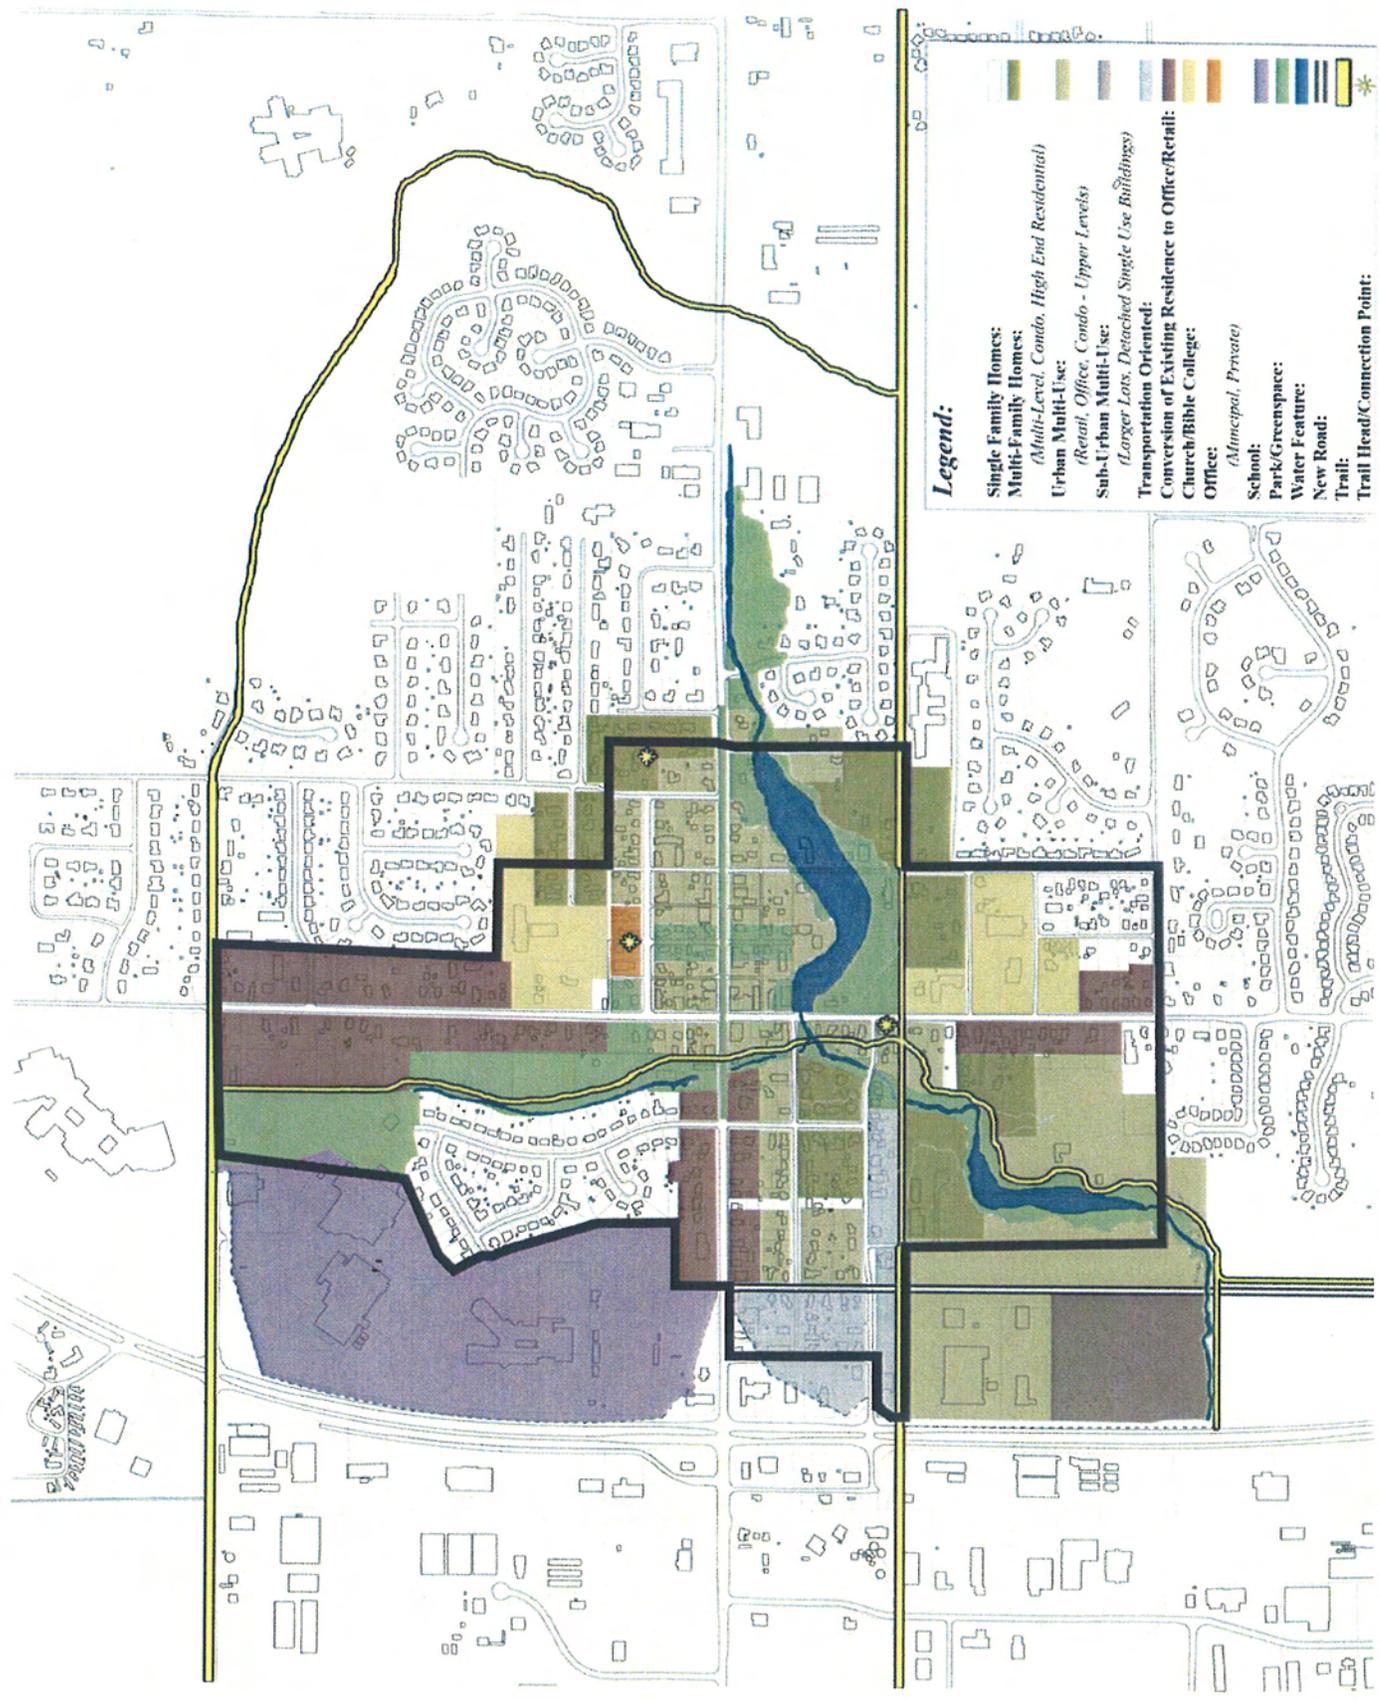

- Significant opportunity for alternative transportation in pedestrian, bicycle, or other non-motorized means.
- Notable annual events, festivals and activities contributing to community character and connectivity.
- Outdoor public spaces and plazas for congregation of community, providing destination amenities.
- Buffers between disparate uses and unifiers of diverse structures and businesses.
- Common "lawns" and opportunities for residence with small or no lot to access public space for recreation.
- Generous circulation paths connected to the wider network of interconnected trails and greenways.
- Public art installations and accommodation for performing arts.

- Safe and recognizable crossings of primary vehicle circulation routes.
- Bridges over limited access US31 as it develops.
- Water feature to provide audible and sensory relief and to act as regional storm water management. This would also enable a density of development without significant individual or localized storm water management requirements.

ARCHITECTURAL OBJECTIVES FOR USE CLASSIFICATIONS

General Characteristics: In addition to the above criteria specific to each use, development within the downtown environment would have overarching policies to guide decisions. This might incorporate the following characteristics:

- Quaker heritage and Underground Railroad history presented in appropriate ways, with relevance to contemporary setting.
 - Ample pedestrian circulation with access to interconnected trail network. Throughout.
 - Varied sidewalk materials and textures (pavers, stamped concrete, etc..) to provide interest and quality.
 - Deliberate streetscapes unique and appropriate to the use, but consistent in quality and amenities.
 - A general tendency toward placing buildings closer to the streetscapes with attractive connections, while mitigating the impact of vehicles.
 - Significant on-street parking for short term convenient use and traffic calming.
 - A deliberate relationship to SR32 as it bisects the downtown. Significant traffic will not go away, so management of the experience is critical.
- Maintaining a small town feel in an ever expanding urban area.
 - Planning for the impacts of the US31/US32 interchange improvements.

Multi-Use Block Detail

Economic Impact Analysis

Westfield Study Area

- 748.13 acres
- 1,103 unique tax parcels
- Assessed Value
- Current Use
- Acreage

Total Assessed Values	\$207,719,160
Less: Assessed Value of Tax Exempt Property	<u>\$ 86,424,510</u>
Current Net Taxable Assessed Value	<u><u>\$121,294,650</u></u>

Economic analysis considerations

- Assessed value projections were based on current assessments on similar properties in Hamilton County
- The tax rate used was an estimated fixed blended rate for commercial and residential property
- Exclude the potential effects of the lost assessed values as a result of the widening of US 31 or SR 32.
- Assumes the assessed values for the parcels without shading on the conceptual maps remained the same
- Assumes any new office areas are taxable
- Ignores any impact of economic incentives that might lower property tax revenue
- Assumes the market feasibility of all the redevelopment area

Methodology

- Identified the acreage of each development type for each conceptual plan
- Applied low and high density assumptions to the acreage calculations to arrive at a range of developable square footage for each development type
- Applied typical assessed values to each of the square footage calculations
- Applied 2% tax rate to the assessed values ranges to arrive at the property tax revenue
- Accounted for any new tax exempt property in each plan
 - Conversion of taxable parcels to park/green space

Downtown Study Area Economic Impact Summary Results

	Incremental Assessed Value		Blended Tax Rate	Additional Tax Revenue Generated	
	Low	High		Low	High
Concept #1	\$143,812,233	\$256,766,181	2.00%	\$2,876,245	\$5,135,324
Concept #2	\$141,639,400	\$244,473,283	2.00%	\$2,832,788	\$4,889,466
Concept #3	\$156,163,975	\$276,624,649	2.00%	\$3,123,280	\$5,532,493

Square Footage Calculation

KEY DENSITY ASSUMPTIONS

Low Density

- 2-stories for Urban Mixed Use and Office
- 25% building coverage ratios for Urban Mixed Use, Multi-Family, Office and Transportation Oriented
- 1 unit per acre for Residential Conversion
- 10 units per acre for Multi-Family

High Density

- 3 stories for Urban Mixed Use and Office
- 30% building coverage ratios for Urban Mixed Use and Office
- 2 units per acre for Residential Conversion
- 15 units per acre for Multi-Family

Assessed Value Per Square Foot

Development Type	
Residential Conversion	\$75
Urban Mixed Use	\$75
Suburban Mixed Use	\$75
Multi-Family	\$100
Office	\$125
Transportation	\$75

WESTFIELD DOWNTOWN MASTERPLAN QUESTIONNAIRE

I. DEMOGRAPHIC INFORMATION

Please check all that apply to you personally:

- Resident (if yes, how many years _____)
- Business Owner in Master plan Area
- Business Owner, but Business is Outside the Master Plan Area
- Elected Official
- Public Employee
- Live in Westfield and work in Westfield
- Live in Westfield and work in:
 - Indianapolis or other areas south
 - Kokomo or other areas north
 - Noblesville or other areas east
 - Lebanon or other areas west
- Work in Westfield and live elsewhere.

Master Plan for the Downtown Core
Town of Westfield, Indiana

II. POINTS OF INTEREST

If you have lived in Westfield **FIVE YEARS OR LESS**, please select why you chose to move to Westfield in priority order (1 being the most important reason).

- Location of the Community
- The School System
- The people I live around and/or work with
- Low Crime Rate/Safety
- Neighborhood
- Specific House
- The Location—Convenience/access to other areas
- Other, Please Explain: _____

If you have lived in Westfield **MORE THAN FIVE YEARS**, please select why you have chosen to remain in Westfield in priority order (1 being the most important reason).

- Location of the Community
- The School System
- Low Crime Rate/Safety
- Neighborhood
- Specific House
- The Location—Convenience/access to other areas
- Other, please explain: _____

III. DOWNTOWN VISION

Please select the degree of which you agree with the following directions toward defining a vision for downtown Westfield:

- Removing strategic existing structures and redevelopment with new:
 - Higher density
 - Mixed-use structures
 - Creating a live/work/play environment.

Strongly
 _____ Agree _____ Agree _____ No Opinion _____ Disagree _____ Strongly Disagree

- The integration of key resources to support events that draw outlying residents to downtown as a destination:

Strongly
 _____ Agree _____ Agree _____ No Opinion _____ Disagree _____ Strongly Disagree

- Focusing historical resources to create a sense of heritage and historical place, i.e.:
 - Underground Railroad
 - Quaker Heritage
 - Lantern

Strongly
 _____ Agree _____ Agree _____ No Opinion _____ Disagree _____ Strongly Disagree

- Creating a "brand" or "theme" for Westfield centered on:

- Museum/Cultural	- Antiques
- Specialty Retail	- Healthcare
- Boutique Businesses	- Education
- Performing/Visual Arts	

Strongly
 _____ Agree _____ Agree _____ No Opinion _____ Disagree _____ Strongly Disagree

- Developing alternative transportation connectivity (trails and paths) as circulation pathways to create an environment that is less vehicle focused and dependent.

Strongly
 _____ Agree _____ Agree _____ No Opinion _____ Disagree _____ Strongly Disagree

- Improvements directed at a specific population demographic such as:

- Young Professional	- "Tweeners"
- First Apartment	- Empty Nester
- Starter Family	- Hometown Lifers
- Non-traditional	

Strongly
 _____ Agree _____ Agree _____ No Opinion _____ Disagree _____ Strongly Disagree

Other approaches or ideas about a vision for Westfield's future.

IV. AREAS OF IMPROVEMENT

Please select in a prioritized order (1 being the largest concern) areas that need either long term or immediate improvement:

- Parking
- Lighting
- Traffic
- Taxes
- Safety
- Parks
- Education
- Retail/Shopping
- Lack of Entertainment / Recreation
- Other, please specify: _____
- Other, please specify: _____

V. CITY HALL

In your opinion, should the location of City Hall remain downtown?

Yes No No Opinion

If yes, should it:

- Remain in current location
- Not remain in current location, but downtown

Please explain: _____

WESTFIELD DOWNTOWN MASTERPLAN QUESTIONNAIRE

- 28%** Live in Westfield and work in Westfield
- 18%** Live in Westfield and work in:
 - 62%** Indianapolis or other areas south
 - 4%** Kokomo or other areas north
 - 23%** Noblesville or other areas east
 - 4%** Lebanon or other areas west
 - 8%** Left blank
- 18%** Work in Westfield and live elsewhere.

II. POINTS OF INTEREST

If you have lived in Westfield **FIVE YEARS OR LESS**, please select why you chose to move to Westfield in priority order (1 being the most important reason).

- 3.32 (2) Location of the Community
- 4.06 (6) The School System
- 5.13 (7) The people I live around and/or work with
- 4.22 (5) Low Crime Rate/Safety
- 2.41 (1) Neighborhood
- 3.69 (4) Specific House
- 3.62 (3) The Location—Convenience/access to other areas

____ Other, Please Explain: _____

If you have lived in Westfield **MORE THAN FIVE YEARS**, please select why you have chosen to remain in Westfield in priority order (1 being the most important reason).

- 2.58 (1) Location of the Community
- 2.91 (2) The School System
- 3.80 (6) Low Crime Rate/Safety
- 3.42 (4) - Neighborhood
- 3.97 (7) Specific House
- 3.76 (5) The Location—Convenience/access to other areas
- 3.17 (3) Other, please explain: **see following page**

"Other"

Originally moved here from inner city Indianapolis and wanted to move to small town with slower pace, better schools and less crime (20+ years ago)

(4) Economy of Hamilton County such as per capita income level along with the Country feel, animal lovers etc...

(1) We liked the size of the community compared to Carmel, Noblesville, Fishers

(1) Purchased existing business in Westfield

(6) Community involvement and small town environment

I have always lived here

(1) I've been in Westfield for (business) 35 years. I came here for the future growth of business and community. I'm still waiting.

Family here and small town atmosphere

Family ties

Small town feel

(1) My job brought me here

Potential in the future

Quality of life for my business and family

Out of "big city" (Indianapolis)

Love to live near my work

(1) Bridgewater Club Development

(1) Grew up and went to school here.

(1) I work here

(7) Rural at the time we moved here.

Wanted convenient location to work, strong school district, golf community, quiet.

(3) I like the people in the downtown area...good neighbors.

III. DOWNTOWN VISION

Please select the degree of which you agree with the following directions toward defining a vision for downtown Westfield:

- Removing strategic existing structures and redevelopment with new:

 - Higher density
 - Mixed-use structures
 - Creating a live/work/play environment.

Strongly
35% Agree **41%** Agree **7%** No Opinion **14%** Disagree **3%** Strongly Disagree

- The integration of key resources to support events that draw outlying residents to downtown as a destination:

Strongly
64% Agree **32%** Agree **1%** No Opinion **3%** Disagree **0%** Strongly Disagree

- Focusing historical resources to create a sense of heritage and historical place, i.e.:

 - Underground Railroad
 - Quaker Heritage
 - Lantern

Strongly
37% Agree **41%** Agree **11%** No Opinion **9%** Strongly Disagree
2% Disagree

- Creating a "brand" or "theme" for Westfield centered on:

 - Museum/Cultural
 - Specialty Retail
 - Boutique Businesses
 - Performing/Visual Arts
 - Antiques
 - Healthcare
 - Education

Strongly
42% Agree **43%** Agree **9%** No Opinion **3%** Disagree **3%** Strongly Disagree

- Developing alternative transportation connectivity (trails and paths) as circulation pathways to create an environment that is less vehicle focused and dependent.

Strongly
68% Agree **27%** Agree **1%** No Opinion **0%** Disagree **3%** Strongly Disagree

- Improvements directed at a specific population demographic such as:

 - Young Professional
 - First Apartment
 - Starter Family
 - Non-traditional
 - "Tweeners"
 - Empty Nester
 - Hometown Lifers

Strongly
10% Agree **47%** Agree **20%** No Opinion **18%** Strongly Disagree
6% Disagree

Other approaches or ideas about a vision for Westfield's future.

see following 2 pages

"Other approaches or ideas about a vision for Westfield's future."

Separate like businesses, retail vs. offices

Keep the eclectic quaint feel, focus on quality

Redevelopment to create continuity in look and feel of a historic Hoosier hometown.

Traffic upgrades, downtown parking

Offer incentives to business owners- this will build interest in the downtown areas.

The downtown plan should also set the stage for a robust business development plan (e.g. West Carmel Dr. in Carmel).

Need for more industrial and regular businesses (not more homes).

Preserve current historic structures beyond the shocking few highlighted in your presentation!

Currently looks very out-dated and trashy. Return some pride to the look of the city.

Trails, Trails, Trails

Action Plan

Be selective on businesses. Create a uniform frontage on Main St. Move some business towards outer edge in order for those businesses to expand- ex: car dealers.

Historic structures should be protected and enhanced with new development

We need to develop sidewalks or pathway on 32 to connect to the strip malls east of Westfield.

Huge retirement/assisted living complex with support services and businesses.

I don't believe we can rely on just one approach; we must delve into many of these areas.

Would only agree to remove existing structures at intersection of 32 and Union if they were on the South side of the street- not the bank on the North side of street.

I can see a combo of the above to attract people of various interests

Develop downtown as a destination for outdoor recreation and events.

Why is/are the Railroad -Trails being marketed in the news every day! Has it already been decided that this is it? In Hamilton County- Westfield, Indiana?

Exposure for the business via advertising without a burden on the business owner.

Create "Live in Place" community. Keep Monon Trail in original location. Expand downtown zone ¼ mile west of US 31.

See Comp Plan

Nightlife opportunities needed

Protect some historically significant buildings- old bank, library, town hall

Strong emphasis on high density so there is a greater population who can walk to destinations. Business will not thrive without high population.

Physically improving downtown area; provide incentives for improvement and redevelopment of downtown structures (including homes).

Live, work, and play in downtown.

Bury overhead lines (phone, cable, electric, fiber loop)

Install "Old Town" monumentation (e.g., brick columns)

Widen sidewalks

Install decorative streetlights, benches and streetscape plantings.

Install decorative pedestrian street crossings (e.g., textured cross walks).

Provide incentives for redevelopment or improvement of homes and buildings within historic district.

Development Asa Bales Park more fully and take advantage of creek- convert into an amenity rather than an eyesore.

Redirect Monon Trail up Union Street in order to increase pedestrian traffic downtown.

Provide incentives for higher density, high quality homes or condos near downtown (within walking distance) to encourage new residents with disposable income to locate nearby.

Create a cultural or community center.

IV. AREAS OF IMPROVEMENT

Please select in a prioritized order (1 being the largest concern) areas that need either long term or immediate improvement:

- 3.19 (1) Parking
- 5.82 (7) Lighting
- 3.21 (2) Traffic
- 3.46 (3) Taxes
- 6.57 (8) Safety
- 5.74 (6) Parks
- 7.89 (9) Education
- 3.66 (4) Retail/Shopping
- 4.03 (5) Lack of Entertainment / Recreation

___ Other, please specify: **see below**

"Other"

- (1) Highway 32 Traffic
- (2) Too much low-income housing in current downtown.
- (1) Residential housing codes
- (1.5) Keep library downtown.
- Lack of predictable zoning uses.
- (9) Sidewalks
- (1) Trails
- (3) Curb/ Sidewalk program
- (2) Incentives for investment
- (1) Zoning roadblocks: we need to permit/zone what we want to see
- (3) Sidewalks or pathways on Highway 32
- (7) Overhead utility lines
- (7) Identity

(5) Community Support!

(2) Reasons to come downtown- destinations

(3) Branding/marketing of downtown

(2) Dining

Business not friendly

Town- Hook-up fees roads-zoning-bad judgments in past

(1) Build Midland quickly

(2) Office, light industrial development

(3) Main Street

V. CITY HALL

In your opinion, should the location of City Hall remain downtown?

91% Yes **3%** No **6%** No Opinion

If yes, should it:

40% Remain in current location

60% Not remain in current location, but downtown

Please explain: **see following 3 pages**

"Please Explain"

Expand downtown area to include new location

Somewhere on Union St.

Move to are with more land for parking and parks. Also visibility from US 31 or SR 32. New City Hall shows vision for future to businesses looking to relocate.

I would be open to a new "City Center."

Needs to be a focal point of downtown redevelopment

Move somewhere within new "expanded" downtown area.

City Hall should be in an area that is accessible and desirable and as close to downtown as is reasonable.

Moving outside of area would suggest to developers a lack of confidence in area.

Central location; if elsewhere, would probably kill any chance of downtown's survival; helps create or perpetuate an identity for downtown

Make City Hall the center of downtown

I am in favor of fortifying old Westfield. Each political, moral or business entity that leaves Old Westfield weakens it.

The post office, police, fire and now library has left. Perhaps City Hall should be with them or if a great world class architecture, it should be visible from 31.

It's a destination location

When people think of a downtown, the first thing they usually think of is the main government facility- Town Hall, where all town services originate.

More visible to main thoroughfares. Locate to spur additional development if possible on to enhance larger public space (i.e. along/near trail intersection with intersection park).

If it is desirable to build a larger government facility as the city services may require, it might better be located on a main street. The current structure may have historical value.

Southwest corner of SR 32 and Union

It is important to remain in downtown in order to help anchor the downtown.

Create a town center complex conducive to the other town development.

Downtown somewhere near present location but more suitable building. City Hall anchors downtown...No City Hall downtown-no downtown.

Don't care as long as it is in the "D" zone.

I am sure city government will outgrow its current location.

To keep City Hall a central part of downtown.

Need a civic center that includes major trail head/plaza. A true community focal point.

Since City Hall needs to expand I believe the current building is not conducive to this. A new building with design integrity would be more efficient in the long run and I expect the current structure could be well utilized while preserving the historical attributes.

City Hall should be the focal point of revitalization.

Either choice- as long as it remains downtown. I don't know enough facts to decide.

Create a new city center and relocate town/City Hall there.

You will be presented with a booklet containing the downtown business community ideas. I agree with all of these ideas and spent a great deal of time creating this document.

Build a new City Hall as part of the redevelopment of downtown. Beautify the creek and incorporate that with the new City Hall. Make it with an upscale design and visible from SR 32. Link with trail access.

To keep historical feel and roots of town intact.

Current downtown is the focal point of Westfield existence. Therefore, keeping City Hall here would magnify the importance and commitment to our heritage.

No strong preference.

For the future of a City Town Hall should be where it serves the community best and where it can grow as the community grows.

It's a historical building- would like to see surrounding buildings come down to build a new Town Hall with additional parking.

Should be visible from Highway 32

2008- Westfield becomes a "city" need new direction/new center of "city". New location: West of 31 area by post office/police- fire department

Other "open" areas downtown should be used for new multi-story/ use "development" to move Town Hall/ City campus there would take too many options away from that.

Location and investment could bring additional private investment. Town may miss opportunity to leverage private investment by staying in current location.

Could be expanded- should keep with the current vintage look, as well as, the rest of downtown "not a Zionsville" but a modern historic look (if that's possible in design).

If it does not stay in current location, the church should be protected and used to enhance the downtown.

Shows town is committed.

Should remain in current location

Town center or civic event center is needed

The Town Hall is located in a giant church, which is nice but needs a larger space. Better filing system and storage for a larger community.

It would be our Point of Connection for the public for exposure like it is now.

I can see it in downtown and can see it west on SR 32.

Town Hall is a destination in downtown. To relocate it would create a noticeable vacancy in an area that is trying to be revitalized.

Where ever it is, it should be tied into the trail/parks system and alternative transportation.

But not necessary at Town Hall location.

Build new building. Make it a destination with other amenities close by.

Is building large enough to accommodate meetings?

City Hall needs to be a structure of a community and should be identified as one anchor of the downtown.

Could move next to police department.

Current location is "off" Main Street in residential area. New location should be as part of an anchor to redevelopment and/or public open square.

Suggest rebuilding on existing site, but keep downtown. The community suffered a big loss when the past office moved out of town.

In your opinion, what should the vision for downtown Westfield include?

see following

Vision for Downtown

- A. Combine strengths of Carmel, Zionsville and Noblesville. (4)
- B. Development of the Midland/Monon Trails. The intersection of the Midland/Monon Trails should be a feature to set Westfield apart. City Hall should be in a prime downtown location. Natural waterways/floodways should be considered a great means of enhancing downtown redevelopment. Form a "downtown neighborhood association" to secure success. Relocate current business instead of removal. Separation between retail and professional business. See Jim Anderson plan. (Additional upscale housing) (9)
- C. Consumer friendly and visitor attractive theme for leisure. Historical features preserved. Distinctive contrast between Westfield and Carmel. Address issues relating to IN 32 (move?). Add parking. (20)
- D. Blank (16)
- E. Reflect 1900 facades with parking in rear. (1)
- F. Establish building standards (limit in height, etc...) and a springboard for broader economic development. City services and family-friendly access. Should make a "statement" about community values. Visible green space. (8)
- G. Light commercial up/down Union and Main Streets. Redevelopment community to do some reshaping. Sites for low use professional services (lawyers, accountants, etc...) (2)
- H. Distinguish a town square, to set apart historic Westfield. Increase in more specialized businesses (Duran Designs). More restaurants with easy access (and parking), and popular attractions (Starbucks). Would like to see aesthetically pleasing area (flower baskets hanging from light poles, like in Carmel). Establish a festival or town event. (9)
- I. Make it to be a meeting place for the community. Make use of the trail system and make it leisure friendly (shops, entertainment). Promote local ownership. Create a city center, making town hall a central point. (Accommodate growing Hispanic community) (9)
- J. Flexibility to allow for needed change. Don't dwell on the past- clean start. Bigger and better than Zionsville and Carmel. Update the area. (6)
- K. Merchants Assn. Plan (1)

- L. Appeal to all age groups. Increase residential capacity. (3)
- M. Quaker represented rather than Underground Railroad. (1)
- N. Create connection with Indianapolis and Carmel by improving trails and parks. Area that draws people to local shops and businesses that celebrate the history or Westfield. Preserve "small town" feel, but one where families can enjoy the convenience of shops, parks, entertainment, etc...Community and schools should form partnerships in the development. Library ought to be part of this. (2)

Main Vision Concepts:

- More and separated businesses (retail/professional), including specialty stores
- Additional parking
- Place for community activity (live entertainment, etc...)
- Deal with issues relating to IN 32
- Aesthetically pleasing and distinctive- make it a destination
- Better utilize/develop trails to benefit pedestrians
- Safety
- Mutually beneficial for residents and visitors

Economic Impact and Development Incentives

Kim Reeves, Browning
V.P. Development Services

*Master Plan for the Downtown Core
Town of Westfield, Indiana*

Browning

- Local Real Estate Developer since 1977
developing our own projects
 - office buildings
 - bulk industrial warehouses
- Provide a variety of consulting services
 - New Albany, Indiana
 - FHRA in Lawrence, Indiana

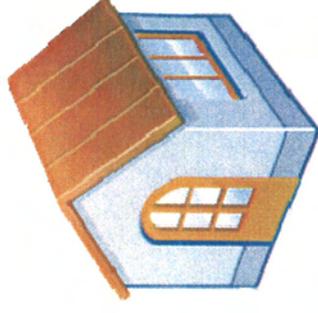

Browning's Role for Westfield

- Analyze economic impact of development and incentive options
- Provide a private development perspective to gauge market feasibility

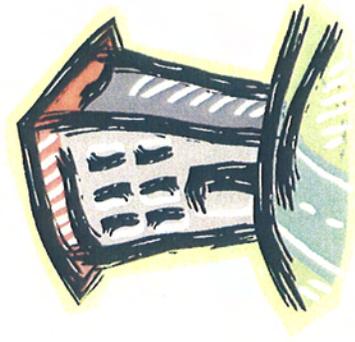

Current State in Westfield

- Heavy reliance on residential development
- Low density developments
- Strain on public services
 - School systems
 - Public Roads
 - Public utility infrastructure
- A 3,000 square foot single family home with an assessed value of \$200,000 pays taxes of approx. \$3,440 per year

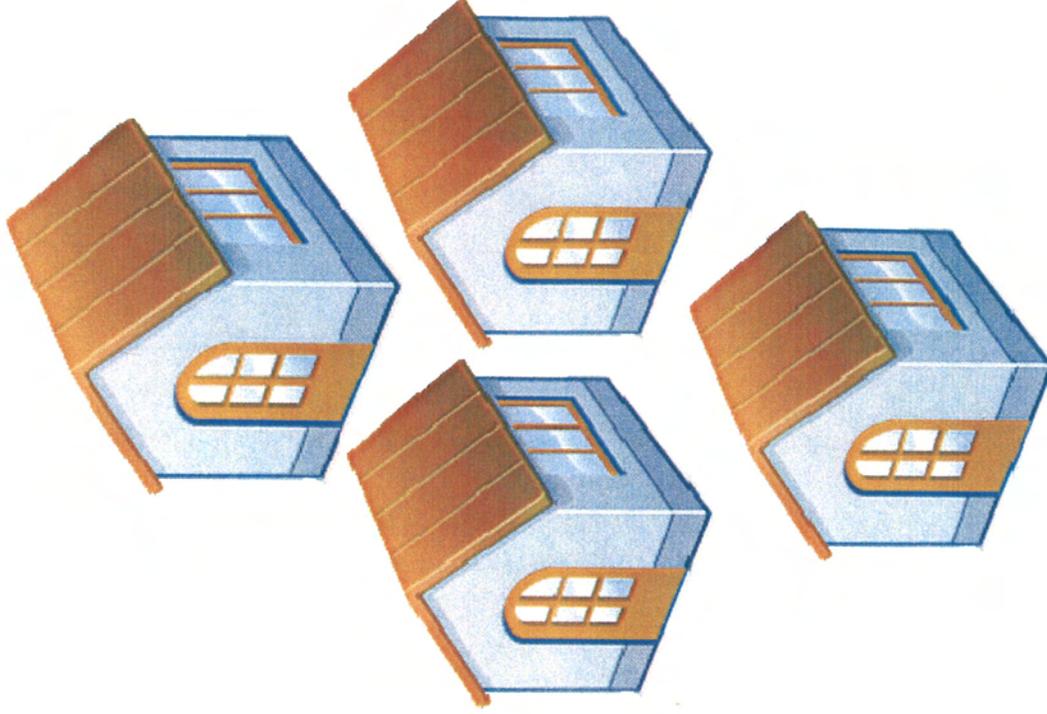

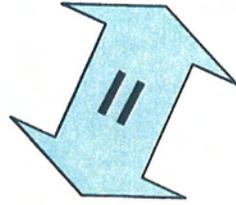

Shifting to a Commercial Focus

- 3,000 square foot office building
- Assessed value of \$525,000
- Pays \$13,776 per year in real estate taxes

	Residential Focus	Commercial Focus
Sq. Ft	3,000	3,000
A.V.	\$200,000	\$525,000
Taxes	\$3,440	\$13,776

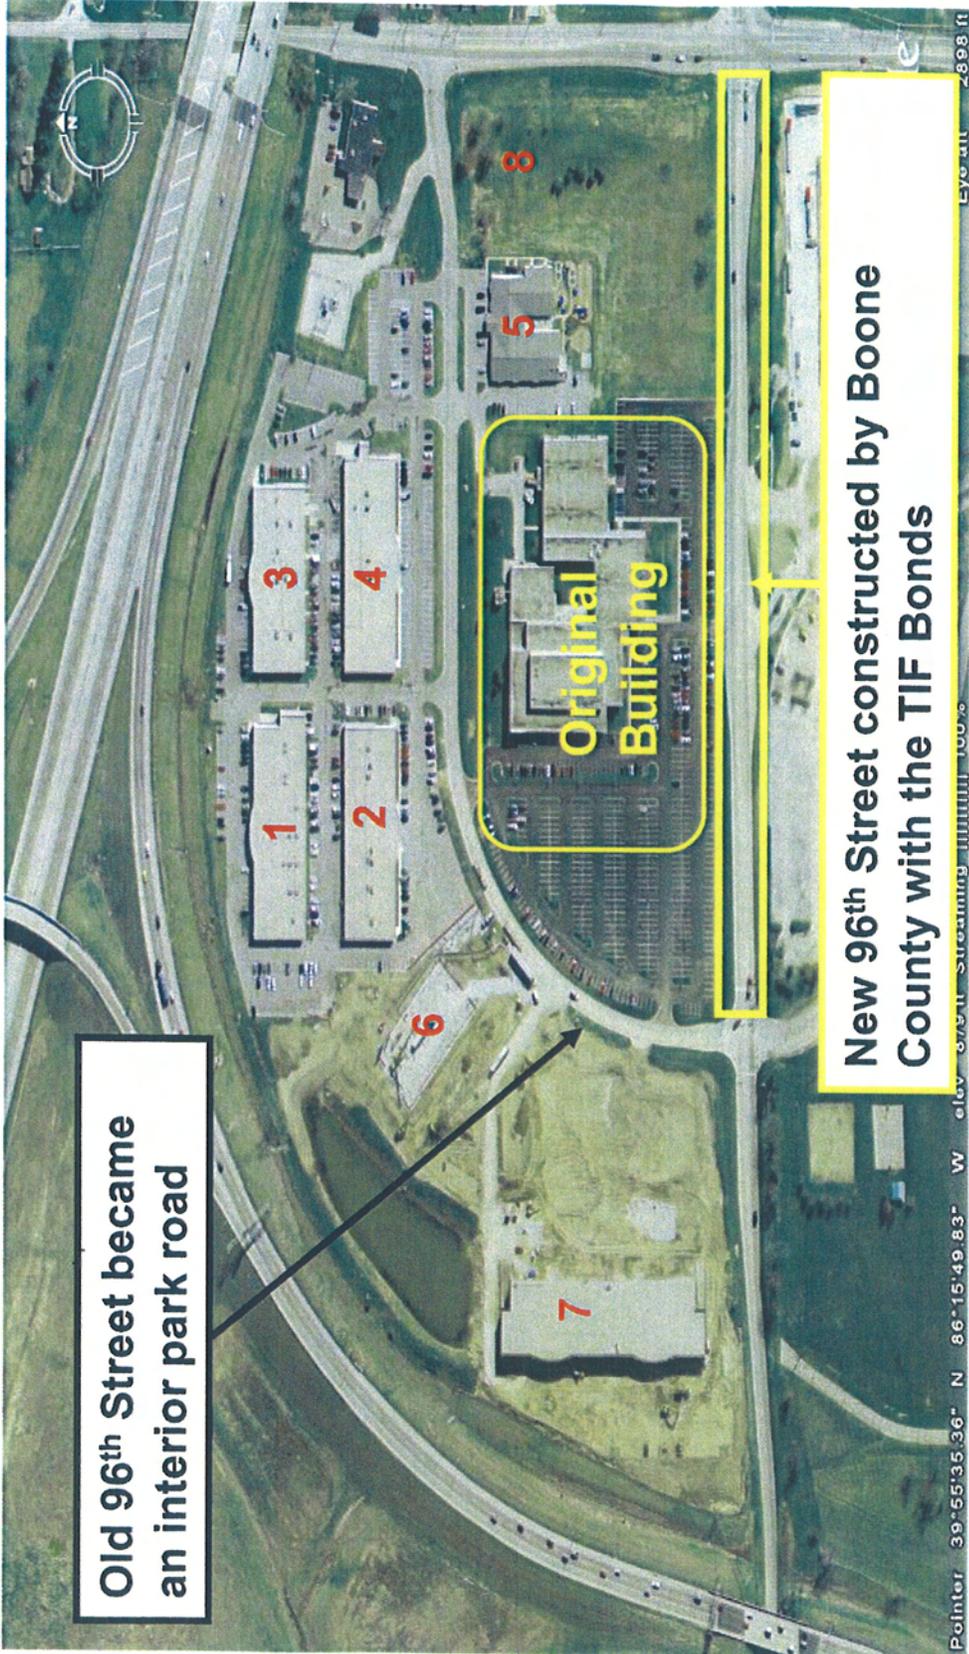

With these assumptions, it would take four \$200,000 single family residential homes to generate the same amount of taxes as a office building and it would take about 4 times as much land

Examples of Incentives to Attract Commercial Developers

- Tax abatement
- Contribution of controlled land or buildings
- Occupancy – (Lease vs. own)
- Public/Private Partnerships
- Tax Increment Financing (TIF)

Boone County TIF Example

Old 96th Street became an interior park road

Original Building

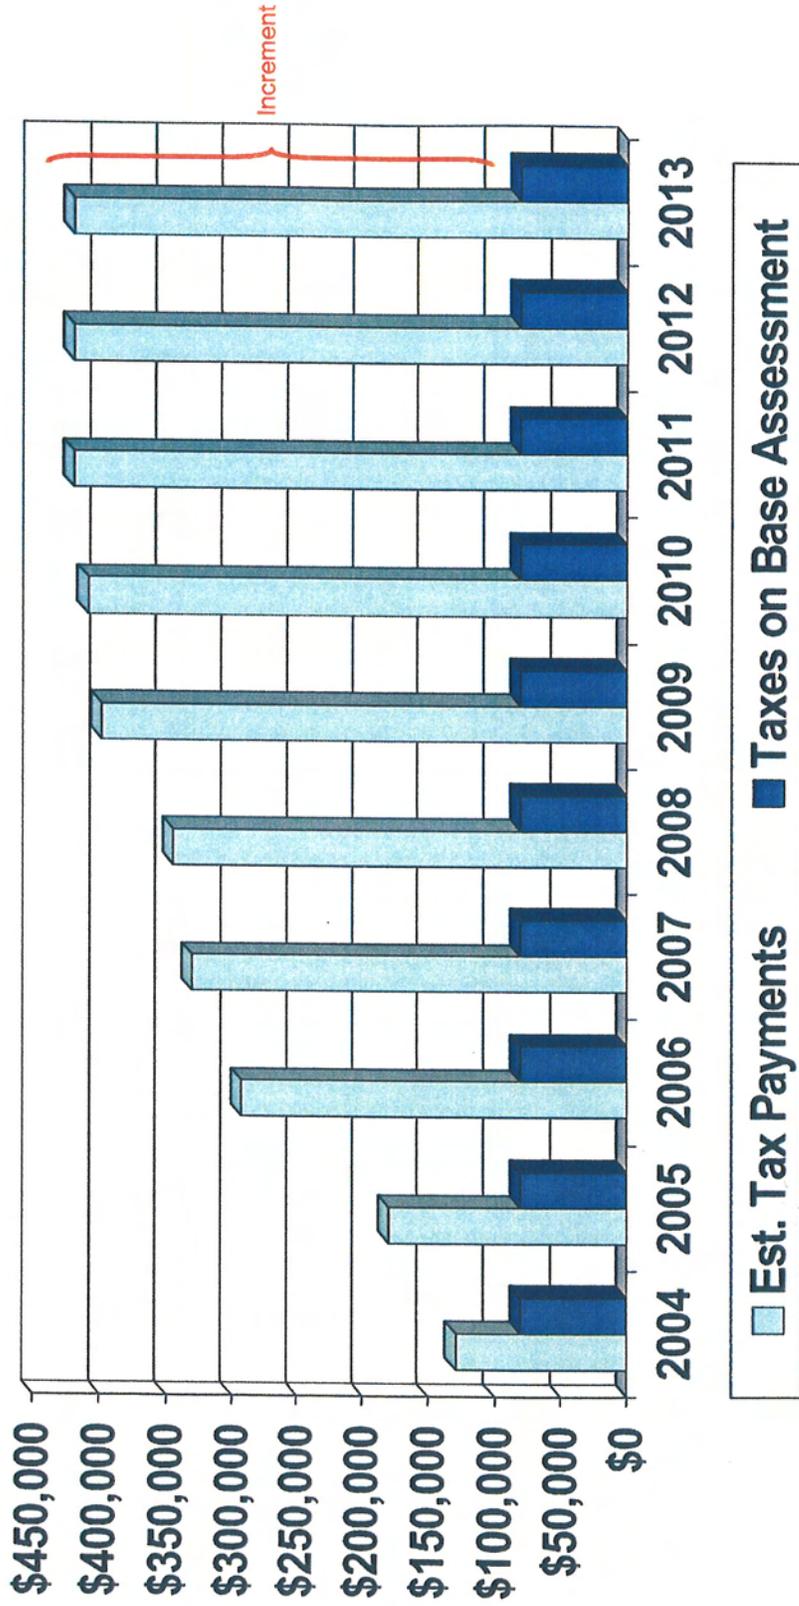

New 96th Street constructed by Boone County with the TIF Bonds

Master Plan for the Downtown Core
Town of Westfield, Indiana

Boone County Example - Comparison of Total Tax Payments to Base Taxes

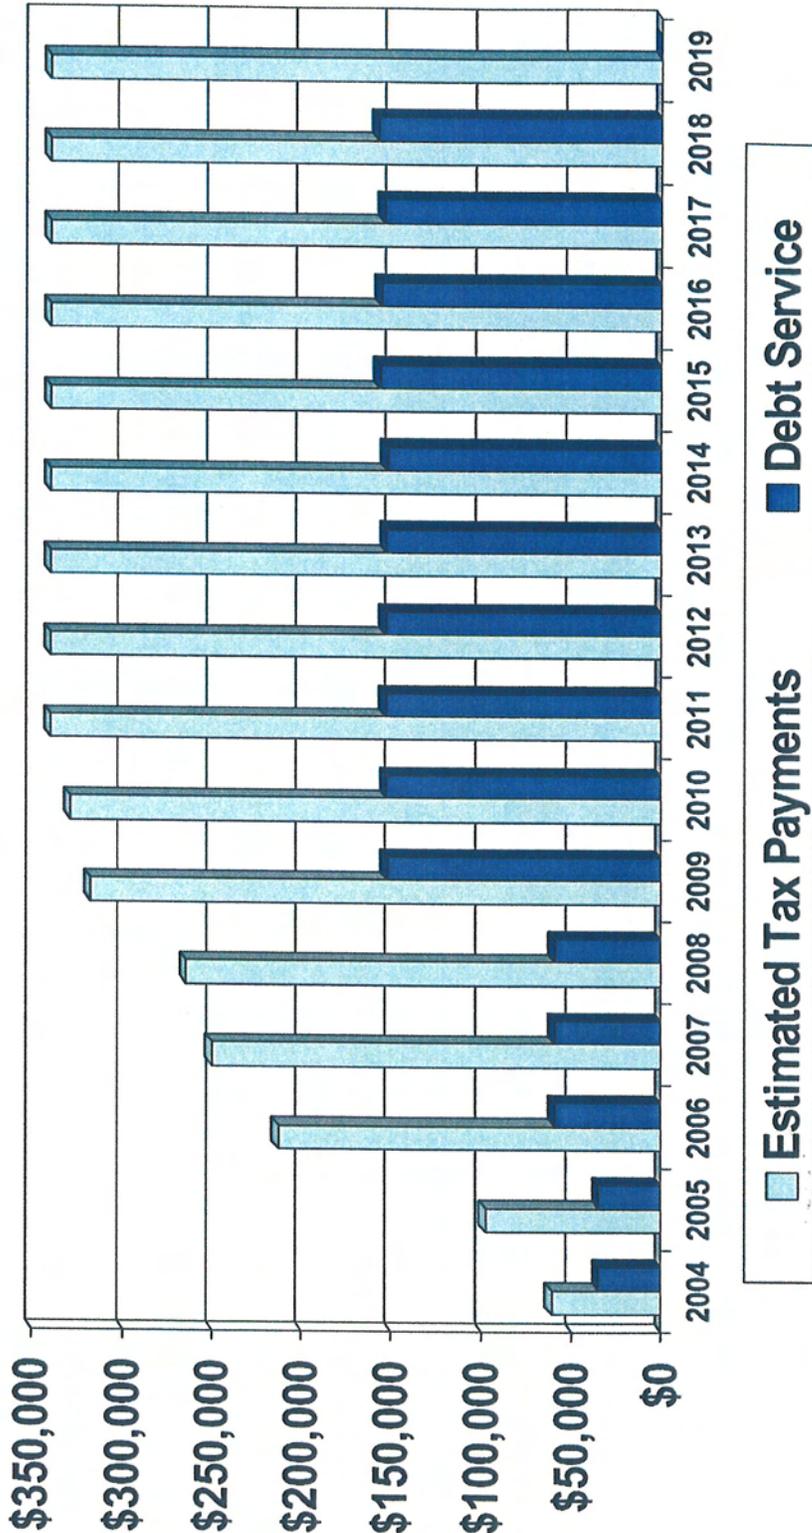

May 19, 2006

Master Plan for the Downtown Core
Town of Westfield, Indiana

Boone County Example - Comparison of Incremental Property Tax Payments vs. Principal and Interest Payments on the Bonds

Total Incremental Taxes in excess of D.S. = \$2,466,701
