FINDINGS OF FACT (VARIANCE OF DEVELOPMENT STANDARD)

APPLICANT: Michael E. King **DOCKET #:** _____

In taking action on a variance request, the Board of Zoning Appeals uses the following decision criteria to approve or deny a variance, as established by Indiana Code, and the Board may impose reasonable conditions as part of its approval. The applicant must address the criteria below (if multiple variances of development standard are being requested, then this sheet should be completed separately for each requested variance). A variance of land use may be approved by the Board of Zoning Appeals only upon a determination that the Board finds all of the following to be true:

A. The approval will not be injurious to the public health, safety, morals, and general welfare of the community because: _____
It is a garage addition and should not impact anyone else in any way.

B. The use and value of the area adjacent to the property included in the variance will not be affected in a substantially adverse manner because: _____
The closest residence is to the north 1/8 mile and belongs to our daughter and son-in-law.

We own the properties to the north, east and south. The property to the west is agricultural.

C. The strict application of the terms of the Ordinance will result in practical difficulties in the use of the property because: _____
It would cause unnecessary expense and delays as we own the adjoining properties.

We built this house 42 years ago before the zoning was in effect. We purchased the property to the south in 1986 and inherited the property to the north and east in 1+995.
We own 75 1/2 acres surrounding our 1 1/2 acre house property.
